

Target Rotary Laser

GL-200

RL-200

HORIZONTAL AND VERTICAL MEASUREMENT

	<u>GL-200</u>	<u>RL-200</u>
	Suitable for horizontal and vertical applications	
* Laser wavelength:	515nm, class II	635nm, class II
* Accuracy:	$\pm 20''$ (1mm in 10m)	
* Self-leveling range:	$\pm 5^\circ$	
* Manual slope range:	$\pm 10\%$, four directions	
* Working range:	diameter 500m with laser detector	
	Left/right spinning	
* Top/down laser point:	yes	
* Spinning speed:	60, 120, 300, 600 r.p.m.	
* Direction scanning:	10° , 45° , 90° , 180°	
* Remote control range:	10-30m depends on working condition	
* Power supply:	rechargeable NI-MH battery	
	IP54
